4 in 1 Prep Set

Compact, handy tool for preparing ingredients

Please read all of the instructions carefully and retain for future reference.

Before First Use

Hand-wash all of the accessories carefully in warm, soapy water. Rinse and dry thoroughly.

Description of Parts

Using the 4 in 1 Prep Set

The 4 in 1 Prep Set can be used to juice and zest fruit, separate eggs, grate foods and strip herbs.

Place the collection bowl onto a flat, dry surface.

To juice, zest, grate or separate eggs, the relevant attachment is required.

Place the chosen attachment onto the collection bowl, aligning the clips on the attachment with the corresponding recesses.

To change the attachment, lift it away from the collection bowl and replace with the chosen attachment.

To strip herbs, pass the stalks through the appropriate sized hole on the back of the collection bowl to pull the leaves off the stem.

Cleaning the 4 in 1 Prep Set

The 4 in 1 Prep Set is dishwasher suitable.

Although dishwasher suitable, it is recommended that the 4 in 1 Prep Set is hand-washed to maintain the finish.

If hand-washing, clean the 4 in 1 Prep Set and its attachments in warm, soapy water with a mild detergent and a soft cloth; do not use harsh or abrasive cleaners or scourers. Rinse and dry thoroughly immediately after use.

To remove any food lodged in the attachments, use a soft brush with warm, soapy water.

Certain foods may stain the plastic. This has no effect on the functionality of the 4 in 1 Prep Set. To remove the stains, use a soft cloth to rub a small amount of vegetable oil into the affected area.

Storage

Do not store wet; store in a clean, dry place.
